

**This is a good one!
There are a ton
of these on the market,
and most are junk.**

The three-point nesting allows for very smooth cutting ~ as opposed to the tools with a plug that locates off the center of the filter.

Oil Filter Cutter

This unit will work on
virtually ANY filter

**A Must-Have Tool for any
Machine Shop/Fabricator**

**This is a precision instrument used for measuring
angles in which any of its four surfaces may be utilized.**

Fowler mini-MAG Protractor

- * Zero can also be set at any angle so that the relative angle between two surfaces can be measured.
- * Can be set to read absolute zero, so it may be used as a leveling device.
- * The Hold feature freezes the displayed reading while retaining the original zero datum.
- * Perfect for setting pinion angle.
- * Instantly determine valve angle with engine in car and heads fully assembled.
- * Perfect tech tool for checking valve angle or angle milled heads.

**PERFECT
FOR ANY
OCCASION**

Universal Jar Opener

**Effortlessly Open Any Jar Lid
from a 1/2" Tabasco Jar
to the 4 1/2" Gallon Pickle Jar**

**Anodized for
Appearance
& Durability**

* LIFE-TIME WARRANTY if for ANY reason you are not satisfied, we will cheerfully refund the purchase price with no questions asked.

* MANUFACTURED ENTIRELY IN THE USA from billet aluminum, stainless and high speed steel. No cheap plastic or moldings used here!

* EASILY mounts under any cabinet or shelf (mounting screws included). Takes up no space and you always know where it is. Perfect for the trailer, garage and kitchen.

* PERMANENT mounting frees up both hands to grip the jar, perfect for the elderly ~ can also be used on "child proof" lids.
